JDAI Explorer Manual

Lars Høg `<lhoeg@hoeg-hansen.dk>`

This is the user manual for JDAI Web Frontend. The manual is written in docbook/XML in order to use the same pages on the web page and on printouts - it is work in progress, and any suggestions and additions are welcome!

This is $Revision: 1.2 $ of the manual, covering early development versions of JDAI Web Frontend.

Table of Contents

1. Introduction

JDAI Web Frontend is a web application which provides access to a JDAI Photo Album from a standard browser. The web frontend is based upon JSP/Servlets and has so far only been testet on Jakarta-Tomcat. It is currently in its early development, so beware...
